Fall 2021

Winter 2022

Spring 2022

Summer 2022

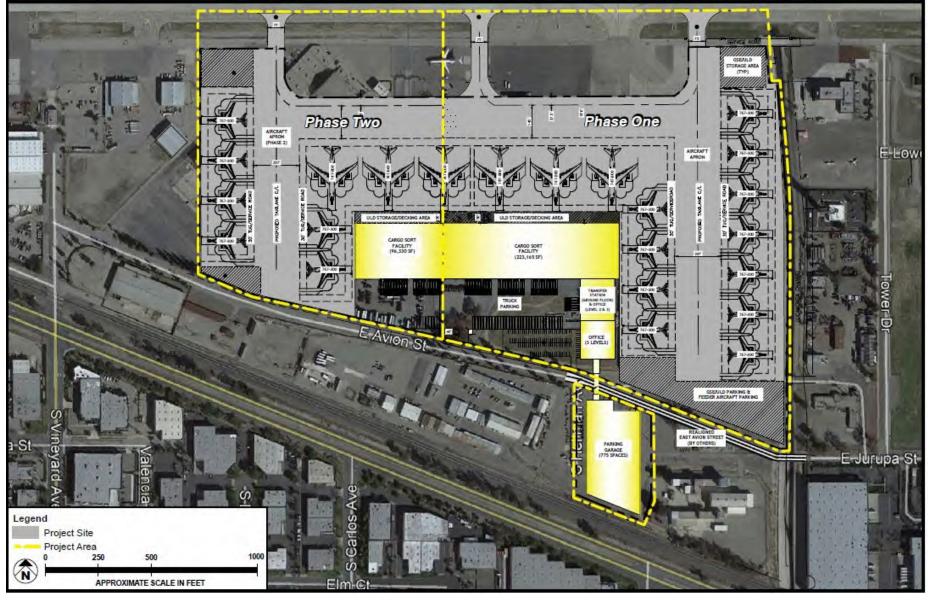

- The South Airport Cargo Center project is proposed on Ontario International Airport property in the City of Ontario
- Project site is approximately 76 acres
- Airport related land uses surround the Project Site
- South is the Union Pacific Railroad/Metrolink rightof-way and Mission Boulevard, beyond which are industrial land uses

- The Project site is south of the Airport airfield and west of the Cucamonga Canyon Channel
- Majority of site is north of East Avion Street with small portion south of East Avion Street

- Two Development Phases: 2024 and 2029
- Project includes development of
 - Main Cargo Building
 - Aircraft Apron Improvements
 - Parking Structure
 - Internal Roadway Improvements and Site Improvements (Landscaping and Utilities)
- Main Cargo Facility is north of East Avion Street; parking garage is south of East Avion Street, east of South Hellman Avenue

EIR Topics

- Aesthetics
- Air Quality
- Biological Resources
- Cultural Resources
- Energy
- Geology & Soils
- Greenhouse Gas Emissions

- Hazards & Hazardous Materials
- Hydrology & Water Quality
