

GROUND TRANSPORTATION PERMIT CHARGES

Effective July 1, 2018

Companies that operate commercial and courtesy ground transportation services are required to enter into a business agreement with the airport in order to pick up passengers on airport property. An annual permit charge applies to vehicles registered for unlimited outbound trips and airport staff will affix a permit decal to the vehicle. The annual permit charge must be paid in full by July 1. New vehicles added between these dates will be eligible to pay a prorated charge. The permit charges are not subject to refunds. ONT will review the charges every year for appropriate cost recovery adjustments.

<u>Type of Carrier</u>	<u>Annual Permit Charge per Vehicle</u>	<u>Annual Permit Charge per Company</u>
Charter Limousines/Sedan	\$593	n/a
Charter Buses	\$593	n/a
Charter Vans	\$593	n/a
Hotel/Motel Courtesy Vehicles	n/a	12% of gross revenue
Off-airport Parking Shuttles	n/a	12% of gross revenue

\$3 Trip Ticket

Only charter vehicle operators that have a business agreement on file with the airport will be eligible to purchase a Trip Ticket. The Ticket is intended for vehicles that do not have annual permit decals and rarely service the airport. The driver must purchase a Ticket prior to entering the terminal areas, write the required flight information on the Ticket, and visibly display the Ticket on the front dashboard of the vehicles. A new Ticket is required for each inbound and outbound trip.
