RECOMMENDED ACTION(S): That the Ontario International Airport Authority Board of Commissioners (OIAA Board) approve the addition of material language to our standard form Facility Use Agreements at Ontario International Airport to address the concern about use beyond the scope of operative FUAs at Ontario International Airport (ONT).

FISCAL IMPACT SUMMARY: Upon execution of an FUA, the Facility User shall pay to the OIAA Use Fees in accordance with then-current fiscal year budget. In June 2017, non-material changes were made and the UTC was renamed to a “Facility Use Agreement,” which remained consistent with Board-approved standard UTC Agreement form.

SUBJECT: APPROVAL LANGUAGE TO COMPLY WITH FEDERAL, STATE, AND AIRPORT RULES AND REGULATIONS

RELEVANT STRATEGIC OBJECTIVE: Provide Customer Friendly Facilities and Services.

RECOMMENDED ACTION(S): That the Ontario International Airport Authority (OIAA) adopt language to meet compliance with all Federal State, and Airport rules and regulations pertaining to nondiscrimination requirements.

FISCAL IMPACT SUMMARY: None.

BACKGROUND: On November 1, 2016 the Ontario International Airport transferred ownership from LAWA to the OIAA. During the transfer, and as part of the settlement agreement, LAWA’s agreements were novated to the OIAA. In some cases, the agreements that were transferred do not always have required language to meet our current federal and state requirements. As a result, staff recommends that the attached language be approved to be added to all previous, current and future contracts and agreements to ensure that the OIAA is meeting federal and state requirements pertaining to nondiscrimination requirements.

RECOMMENDED ACTION(S): That the Ontario International Airport Authority authorize the Chief Executive Officer (CEO) to increase the existing OIAA Contract No. SCONT-000197 with Braughton Construction, Inc. for on-call general construction services for an additional amount of $300,000 and a total not to exceed $600,000.

maintenance and repairs on an as-needed basis. General construction repairs assist in the preservation of OIAA’s assets, provides increased activities around the facilities, keeps vacant facility systems operational, and will assist in deterring vandals and squatters from occupying the property. The City also required to build new trash enclosures to accommodate the needs of Tenants while they relocate to new operating locations. These enclosures must be fully enclosed with solid roofing to prevent rainfall from entering the enclosure and to prevent wind dispersal as well as offsite transport of trash and recycling.

PROCUREMENT: In July 2019, the OIAA piggybacked the City of Ontario’s general construction and board-up services contract for ONT. This contract may be extended upon approval by the City of Ontario.

CEQA COMPLIANCE AND LAND USE APPROVALS: The issuance or approval of leases, agreements, renewals, amendments, or extension thereof, granting use of an existing facility at a public airport, involving negligible or no expansion of use is exempt from the requirements of the California Environmental Quality Act (CEQA). ITEM NO. 08
Local Emergency

Pursuant to Government Code sections 8550 et seq. and 8630 et seq., the Authority can determine to declare the existence of a local emergency under applicable circumstances threatening the lives, property or welfare of ONT passengers, employees and operators.

California and the nation are responding to the spread of a respiratory illness caused by a novel coronavirus first identified in Wuhan, Hubei Province, China, and which has now been detected in more than 150 locations internationally, including in the United States. The virus has been named “SARS-CoV-2” and the disease it causes has been named “coronavirus disease 2019” (COVID-19).

On March 14, 2020, the City of Ontario declared a local state of emergency in anticipation of regional COVID-19 diagnose, which have since occurred, and to mobilize the City to best serve the Ontario community. Given that ONT is a destination for passengers from across the nation and from some international locations, the potential effects of the spread of COVID-19 is a local emergency at ONT.

The U.S. Centers for Disease Control (CDC), the California Department of Public Health (CDPH), and the San Bernardino County Department of Public Health (SBCDPH) have all issued requirements, recommendations and guidelines for the public, businesses and public agencies regarding addressing the spread of COVID-19. Some of the requirements, recommendations and guidelines, however, do not apply to essential services and infrastructure such as ONT, or to operations related to air travel in general.

Available Actions by OIAA Responding to the Local Emergency

Declaration of a local emergency relating to COVID-19 enables the Authority, including its CEO under delegated power, to issue written orders and regulations necessary to provide for the protection of passengers, employees and operators at ONT, and related property, as affected by such emergency. The orders and/or regulations include those to (1) obtain vital supplies, equipment, and such other properties found lacking and needed for the protection of life and property at ONT and to bind the Authority for the fair value thereof, (2) require emergency services of any OIAA officer or employee, (3) requisition necessary personnel or material of any OIAA departments, and (4) modify or approve contracts as necessary to ensure and protect the life and property of the public, operators, and employees at ONT.
Exercise of local emergency powers by the OIAA CEO or his designees will be timely reported to the Authority, and the Authority must periodically review the need for continuing the local emergency until it terminates the local emergency.

WHEREAS, The JPA also states that, in exercising its powers for the operation, management and administration of ONT, the Authority shall exercise such powers as are restricted and applicable to the City. Accordingly, the Authority’s actions and powers available under a declaration of a local emergency shall be consistent with, or shall not exceed, those powers allowed to be exercised by the City during a declared local emergency;
