SECTION: CONSENT CALENDAR

SUBJECT: APPROVE A SECOND AMENDMENT WITH ENVIROSUITE (FORMERLY EMS BRUEL & KJAER, INC.) TO CONTINUE MAINTENANCE AND SUPPORT SERVICES FOR THE AIRPORT NOISE AND OPERATIONS MONITORING SYSTEM AT ONTARIO INTERNATIONAL AIRPORT

RELEVANT STRATEGIC OBJECTIVES: Provide Customer-Friendly Facilities and Services.

RECOMMENDED ACTION(S): That the Ontario International Airport Authority (OIAA) authorize the Chief Executive Officer to execute a second amendment between the Ontario International Airport Authority (OIAA) and Envirosuite (formerly EMS Bruel & Kjaer, Inc.) for an amount not to exceed $339,298 for two years.

FISCAL IMPACT SUMMARY: Funds for this contract extension will be requested in the FY 2020-2021 OIAA operating budget and funding for subsequent years will be requested as part of the annual budget process.

BACKGROUND: Bruel and Kjaer provides ongoing maintenance and support services for the Ontario International Airport Noise and Operations Monitoring System (ANOMS), the key tool staff uses to comply with state airport noise standards (California Code of Regulations, Title 21, Section 5000, et seq.). ANOMS capture noise data using permanently installed noise monitors in communities surrounding the airport, and correlates aircraft noise events with aircraft operations data obtained by ANOMS from the Federal Aviation Administration (FAA) radar system and/or from PASSUR (Passive Surveillance Radar) data. Staff uses ANOMS to measure the aircraft noise levels and reports the Noise Impact Area for the airport on a quarterly basis.

ITEM NO. 06
The Bruel & Kjaer contract was entered into on November 1, 2016 between OIAA and Bruel & Kjaer. It was originally procured under Los Angeles World Airport’s procurement procedures covering ONT and as part of the LAWA-wide contract list as outlined in the Settlement Agreement with LAWA. The Commission approved two one-year extensions on June 26, 2018 to allow for uninterrupted service through June 30, 2020. This allowed OIAA to achieve full-service life of the hardware and software components it invested in the system, to continue complying with state airport noise standards and related variance conditions both in the near and longer-term and receive more favorable pricing by exercising two one-year options.

Staff is recommending a second amendment with Envirosuite (formerly EMS Bruel & Kjaer, Inc.) for two years and an amount not to exceed $339,298 for continued services.

SECTION: ADMINISTRATIVE DISCUSSION/ACTION/REPORT

SUBJECT: A RESOLUTION DECLARING THE CONTINUED EXISTENCE OF A LOCAL EMERGENCY IN CONNECTION WITH PREPARATIONS THE ONTARIO INTERNATIONAL AIRPORT AUTHORITY IS MAKING, AND ACTIONS IT IS TAKING, IN RESPONSE TO NOVEL CORONAVIRUS (COVID-19), AND COMPLIANCE WITH HEALTH AUTHORITIES’ APPLICABLE GUIDANCE REGARDING RESPONDING TO COVID-19

RECOMMENDED ACTION(S): That the Ontario International Airport Authority (OIAA or Authority) approve a resolution declaring the continued existence of a local emergency in connection with preparations the Authority is making, and actions it is taking, in response to the outbreak of COVID-19, and compliance with health authorities’ applicable guidance regarding responding to COVID-19.

FISCAL IMPACT SUMMARY: Possible appropriations and corresponding expenditures for equipment, materials, supplies, labor services and other items needed to address or respond to a declared local emergency will be accounted for and reported to and by the Authority.

BACKGROUND: Ontario International Airport (ONT) provides essential services and infrastructure for public commercial travel and general commerce. As part of the Aviation segment of the Transportation Systems Sector, ONT is an element of national critical infrastructure recognized by the Department of Homeland Security. The nation’s transportation system is required to quickly, safely, and securely move people and goods through the country and overseas.

STAFF MEMBER PRESENTING: Mark A. Thorpe, Chief Executive Officer
Local Emergency

Pursuant to Government Code sections 8550 et seq. and 8630 et seq., the Authority can determine to declare the existence of a local emergency under applicable circumstances threatening the lives, property or welfare of ONT passengers, employees and operators.

California and the nation are responding to the spread of a respiratory illness caused by a novel coronavirus and which has now been detected in more than 200 locations internationally, including in the United States. The virus has been named “SARS-CoV-2” and the disease it causes has been named “coronavirus disease 2019” (COVID-19).

On March 14, 2020, the City of Ontario proclaimed a local emergency, and most recently on June 16, 2020, continued the local state of emergency declaration in response to regional COVID-19 diagnoses and to mobilize the City to best serve the Ontario community. Given that ONT is a destination for passengers from across the nation and from some international locations, the potential effects of the spread of COVID-19 is a local emergency at ONT.

The U.S. Centers for Disease Control (CDC), the California Department of Public Health (CDPH), and the San Bernardino County Department of Public Health (SBCDPH) have all issued requirements, recommendations and guidelines for the public, businesses and public agencies regarding addressing the spread of COVID-19. Some of the requirements, recommendations and guidelines, however, do not apply to essential services and infrastructure such as ONT, or to operations related to air travel in general.

Available Actions by OIAA Responding to the Local Emergency

Declaration of a local emergency relating to COVID-19 enables the Authority, including its CEO under delegated power, to issue written orders and regulations necessary to provide for the protection of passengers, employees and operators at ONT, and related property, as affected by such emergency. The orders and/or regulations include those to (1) obtain vital supplies, equipment, and such other properties found lacking and needed for the protection of life and property at ONT and to bind the Authority for the fair value thereof, (2) require emergency services of any OIAA officer or employee, (3) requisition necessary personnel or material of any OIAA departments, and (4) modify or approve contracts as necessary to ensure and protect the life and property of the public, operators, and employees at ONT.
Exercise of local emergency powers by the OIAA CEO or his designees will be timely reported to the Authority, and the Authority must periodically review the need for continuing the local emergency until it terminates the local emergency.

Both the City and County have provisions in their Municipal Codes allowing for the exercise of emergency powers and authorities;

WHEREAS, The JPA also states that, in exercising its powers for the operation, management and administration of ONT, the Authority shall exercise such powers as are restricted and applicable to the City. Accordingly, the Authority’s actions and powers available under a declaration of a local emergency shall be consistent with, or shall not exceed, those powers allowed to be exercised by the City during a declared local emergency;
