The overall contract total also includes the first contract year at $100,000.

SECTION: CONSENT CALENDAR

SUBJECT: APPROVAL OF THE FIRST CONTRACT AMENDMENT TO PROSEGURO SERVICES GROUP, INC. FOR AN AUTHORITY INCREASE FOR ADDITIONAL SCOPE TO INCLUDE QUEUE MANAGEMENT SERVICES AT TERMINAL 2

RELEVANT STRATEGIC OBJECTIVE: Provide Customer Friendly Facilities and Services.

RECOMMENDED ACTION(S): That the Ontario International Airport Authority (OIAA) Commission authorize the Chief Executive Officer (CEO), or their designee, to amend the existing Prosegur Services Group, Inc., Contract No. SCONT-000325, by increasing the annual authority by $200,000, for an overall annual spending authority of up to $850,000, to include an added scope to encompass queue line management services at Terminal 2 and provide supervisory support on a 24/7 basis beginning September 15, 2021, and authorize the CEO to exercise the remaining four (4), one-year extensions of up to $850,000 per year, for an overall not-to-exceed spending authority of $4,250,000 over the five year term of the contract, if all options are exercised.

FISCAL IMPACT SUMMARY: The increased services will impact the security services budget by up to $200,000 for the Fiscal Year 2021-22. Funding for subsequent years will be requested through the annual budget process.

BACKGROUND: In January 2021, the OIAA approved the security contract with Prosegur Services Group, Inc. for security related functions on and around the airport, with a spending authority of up to $650,000 annually. The request to increase the spending authority to $850,000 annually will provide for staffing at the security checkpoint queue management area in Terminal 2. Queue management is required at the base of the escalators to ensure that travelers have airline tickets before proceeding up the escalators to the small queue area immediately in front of the TSA checkpoint. They also meter / hold

passengers at the bottom of the escalator when the queue at the top is full. These services were stopped at the lowest activity levels early in the pandemic. While the airlines in Terminal 4 have resumed this service there, airlines in Terminal 2 have not, and the airport has provided contract staffing on an ad-hoc basis to manage the queues.

Amending the contract for additional spending authority and scope with Prosegur will allow the airport to provide the queue management service consistently for up to thirteen (13) hours per day to start and add more hours if needed. Also, in support of oversight of existing security staffing, and collateral security responsibilities associated with increased airport and stakeholder demand, including concessions deliveries and escort activities, this proposed increase ensures continuity of mobile security services support, in a supervisory capacity, on a 24/7 basis.

ONTARIO INTERNATIONAL AIRPORT AUTHORITY

DATE: SEPTEMBER 13, 2021

SECTION: CONSENT CALENDAR

SUBJECT: APPROVAL OF THE AMENDED AND RESTATED AGREEMENT WITH THE CITY OF ONTARIO TO PROVIDE MUNICIPAL SERVICES FOR THE ONTARIO INTERNATIONAL AIRPORT

RELEVANT STRATEGIC OBJECTIVE: Provide Customer Friendly Facilities and Services.

RECOMMENDED ACTION(S): That the Ontario International Airport Authority (OIAA) Commission authorize the Chief Executive Officer (CEO), or their designee, to execute the amended and restated agreement between OIAA and the City of Ontario for municipal services for Ontario International Airport (ONT), specifically police services, fire protection services, and ancillary human resources and information technology (IT) services.

FISCAL IMPACT SUMMARY: Funds for the amended and restated agreement are available in the FY 2021-22 OIAA operating budget. Funding for subsequent years will be requested as part of the annual budget process.

BACKGROUND: On May 2, 2017, the City of Ontario and OIAA entered into cooperative agreements to provide police services, and fire protection services for ONT. Ancillary to the Police Services Agreement, and Fire Protection Services Agreement, the City of Ontario has provided various administrative-related services to the OIAA through the City’s Finance, Human Resources, and Information Technology agencies.

The proposed amended and restated agreement with the City of Ontario will consolidate the terms and conditions of the above referenced agreements into one comprehensive “Municipal Services” document for the purposes of efficiency and streamlining of the administration of the agreements. The purpose of the agreement is for the City of Ontario to provide the OIAA with Municipal Services,

SECTION: ADMINISTRATIVE REPORTS/DISCUSSION/ACTION

SUBJECT: A RESOLUTION TO APPROVE AN UPDATE TO THE AIRPORT SYSTEM RATES AND CHARGES VALET PARKING RATE FOR FISCAL YEAR 2021-22 AT ONTARIO INTERNATIONAL AIRPORT

RELEVANT STRATEGIC OBJECTIVE: Develop Airport Related Businesses.

RECOMMENDED ACTION(S): That the Ontario International Airport Authority (OIAA) Commission adopt a resolution to approve the updated Airport System Rates and Charges Valet Parking Rate for Fiscal Year 2021-22 for Valet Operations at Terminal 2 and Terminal 4 at Ontario International Airport (ONT).

FISCAL IMPACT SUMMARY: Upon Commission approval, the new Valet Parking Rate increase from $28.00 to $35.00 daily will allow for a more fiscally responsible valet operation upon reopening. Considering operational costs and reduction in offsite parking will put a higher demand on parking stalls at the airport, the new Valet Parking Rate will provide the proper balance between cost, risk, and new revenue to the airport.

BACKGROUND: Due to Covid-19, the ONT valet operations have been suspended. As traffic continues to increase, ONT will explore the option to reopen valet operations. The first step in reopening valet services is to establish an updated valet parking rate. The current valet parking rate is set at $28.00 daily with a variance of $1.00 between the highest parking rate (premium) at $27.00 daily, and the valet parking rate. The average variance from a sample list of airports is $9.06. Valet operations also incur significant overhead costs such as labor, materials, and insurance. A rate increase is warranted to ensure that the additional service that valet parking provides is not detrimental to the revenue streams.

Additional Clarifications:

(a) “FIS” – Federal Inspection Services facility, also known as the International Arrivals Terminal where Customs and Border Protection inspect arriving passengers from a foreign country.

(b) “Joint Use Fee” – The fee charged to an air carrier for Joint Use Space, based on the Joint Use Formula as defined in the Operating Use and Terminal Lease Agreement.

(c) “Joint Use Formula” – The formula used to prorate eighty percent (80%) of the specified charge for Joint Use Space according to the ratio of the number of each airline's (both Signatory Airlines and Non-Signatory Airlines) deplaning passengers at the Airport during the most recent completed quarter for which such information is available to the total number of deplaning passengers of all airline users of the service or space during that same quarter. The remaining twenty percent (20%) is to be prorated equally among all airline users (both Signatory Airlines and Non-Signatory Airlines) of the space.

(d) “MGLW” – Maximum Gross Landing Weight; the FAA Certificated Maximum Gross Landing Weight or actual gross landing weight of an Aircraft if no such specification exists. In computing fees prescribed herein, except for Aircraft weighing less than 25,000 pounds, 500 pounds or any larger part of 1,000 pounds shall be counted as if a whole 1,000 pounds, and any smaller part shall be disregarded.

(e) “Non-Preferential Gate” – A gate that is not preferentially leased by a Signatory Air Carrier.

(f) “Non-Signatory Air Carrier” – A cargo or passenger carrier that has not entered into the Operating Use and Terminal Lease Agreement with the OIAA.

(g) “Operation” – Shall be the equivalent of one aircraft turn (one arrival and one departure).

(h) “Preferential Gate” – A gate that is preferentially leased by a Signatory Air Carrier.

(i) “PSFPY” – Per Square Foot Per Year.

(j) “Signatory Air Carrier” – A cargo or passenger carrier that has entered into the Terminal Operating Use and Terminal Lease Agreement with the OIAA.

(l) “Aircraft Parking Charges” – Includes all airport-controlled/non-preferential aircraft parking positions at Airport. If a Jet Bridge is used on gates 411-414, then the additional appropriate charges shall incur. If a Preferential Gate is utilized, then additional fees may be levied.

(m) “Ground and Facility Rental Rates” – These are subject to CPI or Fair Market Value adjustments based on the language written in each Facility Use Agreement or Lease.
